TEXANS PREPARE FOR RECORD HIGH ENERGY BILLS As Summer Temperatures Soar, Consumers Search for Money-Saving Options

DALLAS — June 14, 2006 – With summer temperatures beginning to climb and record-high energy bills on the way, Metroplex customers are in search of money-saving electricity options. In the competitive Texas energy market, numerous companies have formed each offering different services and products. As a result, consumers now have an extensive selection of electricity providers to choose from. To assist in the search, SaveOnEnergy.com is a free online service allowing customers to quickly find, compare and order energy services so choosing an electric company becomes a simple process with cost-saving results up to 25 percent.

SaveOnEnergy.com is an independent company committed to providing customers with unbiased information and competitive rates from numerous suppliers. Whether for the home or office, SaveOnEnergy.com is a 'one stop shop' destination connecting customers to a select group of pre-qualified energy companies and making the recommendation on a new electricity provider. SaveOnEnergy.com represents only the highest quality vendors, which include some of the largest energy retailers in North America.

SaveOnEnergy.com's highly trained staff of business-to-business experts recommend only those electricity companies meeting a rigorous criteria, offering competitive rates and savings and delivering excellent customer service. Each provider SaveOnEnergy.com recommends is consistent and honest with pricing, highly regarded with strong business ethics and financially stable.

In 2003, SaveOnEnergy.com was created to help consumers take advantage of the emerging competitive energy markets. In a few short years, SaveOnEnergy.com has grown to serving thousands of business and residential customers. For additional information, please visit SaveOnEnergy.com or call 1-800-296-5107.
